VERY IMPORTANT EQUIPMENT INFO...

Please be aware!

If you are running open track, Safety Rules at this event require that your tires MAY NOT be more than 5 years old. Tech Inspection will be checking tire date codes and will deny you access if found to be more than 5 years old.

Track Safety rules require ALL cars that are on the property for display (Popular Vote or Concours Judging) have, in their possession, a **Fire Extinguisher**. The equipment will be checked at the gate and is a requirement for admission.

FIRE EXTINGUISHERS:

- ***When you check in at the gate, your judged, display, and SAAC popular vote cars will be checked for a fire extinguisher! You will not be permitted to enter the track without one!***
- If you do not have your fire extinguisher with you, you will need to purchase one from the check in staff or exit the line to go get it. We will only have a few extinguishers available to purchase so please remember to bring one!

Loose tidbits...

The Friday Dinner , the Thursday Cruise Tour and all Parade Laps are now sold out. We have over a hundred folks signed up for the Saturday Sunset Social at the Panoz Museum.. and room for plenty more.

We are going to need more help!

Calling all members... This track is very large and we are going to need a team of helpers that can work a few hours on any of the days... working the front gate, directing incoming traffic, helping at the Saturday Social or the Sunday Car Show and filling in where help is needed. It might be only for a few hours, on any and all days... every bit helps.

Contact pitcrew@saac.com Place "SAAC-51 Volunteer" in the subject line, and tell us when you might be available.

We're so grateful to have you with us at SAAC-51 and are excited for what's ahead. Be on the look-out for bulletins in the coming days
